

## LIST OF TABLES

Sr. no	Table no	Titles	Page no
1	3.1	Satara district : administrative units	62
2	4.1	Tahsil wise distribution of scheduled caste population in Satara district	90
3	4.2	Scheduled caste population and growth rate in Satara district	91
4	4.3	Literacy rate of scheduled caste population in Satara district	92
6	5.1	Sex wise distribution of sample households	96
7	5.2	Distribution of sample scheduled caste households in different sub-caste	96
8	5.3	Average household size	98
9	5.4	Age structure of head of sample households	98
10	5.5	Marital status of head of sample households	99
11	5.6	Education qualification of head of sample households	101
12	5.7	Occupation structure of head of sample households	102
13	5.8	Family member of size distribution of sample households	104
14	5.9	Age structure of sample population	105
15	5.10	Education qualification of family members of sample households	106
16	5.11	Occupation structure of family members of sample households	108
17	5.12	Nature of family of sample households	110
18	5.13	Nature of ownership of house	111
19	5.14	Type of house	112
20	5.15	Type of roof of house	113
21	5.16	Type of wall of house	114
22	5.17	Type of floor of house	115
23	5.18	Sanitary facility for sample households	116
24	5.19	Primary source of energy for cooking	117
25	5.20	Secondary source of energy for lighting	118
26	5.21	Source of drinking water for sample households	119

27	5.22	Land as on the date of survey (acre) sample households	121
28	5.23	Distribution of sample households by monthly per capita income	122
29	6.1	Average MPCE (Rs) of food and non-food items and Engel ratio for drought prone region and river basin region	127
30	6.2	Average MPCE of broad groups of food and non-food items for different MPCE classes in Drought prone region	131
31	6.3	Average MPCE of broad groups of food and non-food items for different MPCE classes in River basin region	132
32	6.4	Engel ratio at the disaggregate level for comparable expenditure classes in Drought prone region	133
33	6.5	Engel ratio at the disaggregate level for comparable expenditure classes in River basin region	134
34	6.6	Percent expenditure on broad groups of food items to total food expenditure	135
35	6.7	Percent expenditure on broad groups of non-food items to total non-food expenditure	137
36	6.8	Source of consumption for cereal and cereal substitute	140
37	6.9	Source of consumption for pulse and pulse product	141
38	6.10	Source of consumption for milk and milk product	142
39	6.11	Source of consumption for vegetables	143
40	6.12	Source of consumption for spices	144
41	6.13	Source of consumption for edible oil	145
42	6.14	Source of consumption for meat, fish and eggs	146
43	6.15	Source of consumption for fruits and nuts	148
44	6.16	Source of consumption for fuel and light	149
45	6.17	Distribution of sample households by Monthly Per Capita Expenditure	150
46	6.18	Monthly per capita expenditure on cereal and cereal substitutes by households	152
47	6.19	Monthly per capita expenditure on pulse and pulse product by households	153
48	6.20	Monthly per capita expenditure on milk and milk product by households	154

49	6.21	Monthly per capita expenditure on sugar by households	155
50	6.22	Monthly per capita expenditure on edible oil by households	157
51	6.23	Monthly per capita expenditure on meat, fish and eggs by households	158
52	6.24	Monthly per capita expenditure on vegetable by households	159
53	6.25	Monthly per capita expenditure on fruits and nuts by households	160
54	6.26	Monthly per capita expenditure on spices by households	161
55	6.27	Monthly per capita expenditure on beverage by households	162
56	6.28	Monthly per capita expenditure on salt by households	162
57	6.29	Monthly per capita expenditure on cooked food by households	163
58	6.30	Monthly per capita expenditure on pan, tobacco and intoxicant by households	164
59	6.31	Monthly per capita expenditure on fuel and light by households	165
60	6.32	Monthly per capita expenditure on clothing by households	167
61	6.33	Monthly per capita expenditure on footwear by households	168
62	6.34	Monthly per capita expenditure on education by households	169
63	6.35	Monthly per capita expenditure on medicine and medical by households	170
64	6.36	Monthly per capita expenditure on entertainment by households	171
65	6.37	Monthly per capita expenditure on goods for personal care by households	172
66	6.38	Monthly per capita expenditure on travel by households	173
67	6.39	Monthly per capita expenditure on durable goods by households	174
68	6.40	Percentage of households possessing different items of luxurious durable goods in drought prone region and river basin region	175
69	6.41	Percentage of households possessing different items of leisure time durable goods in drought prone region and river basin region	177
70	6.42	Percentage of households possessing different items of kitchen use durable goods in drought prone region and river basin region	178
71	6.43	Percentage of households possessing different items of valuable	179

		durable goods in drought prone region and river basin region	
72	6.44	Percentage of households possessing different items of other durable goods in drought prone region and river basin region	180
73	6.45	Income and expenditure on food items	183
74	6.46	Chi-square test for income and expenditure on food items	184
75	6.47	Education and expenditure on food items	186
76	6.48	Chi-square test for education and expenditure on food items	187
77	6.49	Occupation and expenditure on food items	189
78	6.50	Chi-square test for occupation and expenditure on food items	190
79	6.51	Area of residence and expenditure on food items	191
80	6.52	Chi-square test for area of residence and expenditure on food items	192
81	6.53	Income and expenditure on non-food items	193
82	6.54	Chi-square test for income and expenditure on non-food items	194
83	6.55	Education and expenditure on non-food items	196
84	6.56	Chi-square test for education and expenditure on non-food	197
85	6.57	Occupation and expenditure on non-food items	198
86	6.58	Chi-square test for occupation and expenditure on non-food items	199
87	6.59	Area of residence and expenditure on non-food items	200
88	6.60	Chi-square test for area of residence and expenditure on non-food items	201

## LIST OF FIGURES

Sr. no	Figure no	Titles	Page no
1	5.1	Distribution of sample scheduled caste households in different sub-caste	97
2	5.2	Age structure of head of sample households	99
3	5.3	Marital status of head of sample households	100
4	5.4	Education qualification of head of sample households	101
5	5.5	Occupation structure of head of sample households	103
6	5.6	Family member of size distribution of sample households	104
7	5.7	Age structure of sample population	105
8	5.8	Education qualification of family members of sample households	107
9	5.9	Occupation structure of family members of sample households	109
10	5.10	Nature of family of sample households	110
11	5.11	Nature of ownership of house	111
12	5.12	Type of house	112
13	5.13	Type of roof of house	113
14	5.14	Type of wall of house	114
15	5.15	Type of floor of house	115
16	5.16	Sanitary facility for sample households	116
17	5.17	Primary source of energy for cooking	118
18	5.18	Secondary source of energy for lighting	119
19	5.19	Source of drinking water for sample households	120
20	5.20	Land as on the date of survey (acre) sample households	121
21	5.21	Distribution of sample households by monthly per capita income	123
22	6.1	Percent expenditure on broad groups of food items to total food expenditure	136
23	6.2	Percent expenditure on broad groups of non-food items to total non-food expenditure	139
24	6.3	Source of consumption for cereal and cereal substitute	141

25	6.4	Source of consumption for pulse and pulse product	142
26	6.5	Source of consumption for milk and milk product	143
27	6.6	Source of consumption for vegetables	144
28	6.7	Source of consumption for spices	145
29	6.8	Source of consumption for edible oil	146
30	6.9	Source of consumption for meat, fish and eggs	147
31	6.10	Source of consumption for fruits and nuts	148
32	6.11	Source of consumption for fuel and light	149
33	6.12	Distribution of sample households by Monthly Per Capita Expenditure	151
34	6.13	Possession of luxurious durable goods	176
35	6.14	Possession of leisure time durable goods	177
36	6.15	Possession of kitchen use durable goods	179
37	6.16	Possession of other durable goods	181
