Acknowledgements

When I look back several faces appear before my eyes, to whom I owe a debt of gratitude.

I take the opportunity to express my deep sense of gratitude to my supervisor Professor Sudesh Kaur Khanduja, Department of Mathematics, Panjab University, Chandigarh, for her most valuable guidance, fruitful and stimulating discussions, incessant support and encouragement, and clearing the way for the smooth running of this work during the hard times, and I will be eternally grateful to her for nurturing in me, a desire to know more and thus paving the way to a future in research.

My special thanks to Professor Franz-Viktor Kuhlmann of the Department Mathematics, University of Saskatchewan, Saskatoon, Canada for his keen interest and invaluable suggestions during various phases of my work.

I am thankful to ex-chairmen Professor S. K, Malik, Professor D .S. Khassa and Professor Harinder Singh, Chairman, Department of Mathematics, Panjab University, Chandigarh, for providing me with all the necessary facilities in the department. I would like to thank all staff members of this department for their co-operation and assistance in the completion of my research work.

I am thankful to Mr. Saurabh Bhatia, Dr. Anjana Kaila and Dr. Dinesh Kumar Khurana for their help and hospitality.

I deeply acknowledge the financial assistance by the Ministry of Science, Research and Technology of Iran, in the form of research fellowship.

Words fail me to express my immense gratitude and deep indebtedness to my parents, my brothers and my wife’s parents for their love and support. Also I would like to add that the loving memory of my late brother Jalil has always been a source of encouragement for me to work hard.
