

ACKNOWLEDGEMENTS

To a conscientious scholar, research is a challenging and stupendous task. I would not have been able to achieve my goal without benign attitude and parental care of my research supervisor, Dr. K. G. K. Murti, Professor and Head, Department of Mechanical Engineering, Gokaraju Rangaraju Institute of Engineering and Technology (GRIET), Hyderabad.

This thesis is the outcome of the kind co-operation, good-will and support in the forms of both technical and moral, extended by my co supervisor Dr. A. V. Sita Rama Raju, Professor in Mechanical Engineering and Vice Principal JNTUH College of Engineering, JNTUH Hyderabad.

Dr. Swadesh Kumar Singh, Professor of Mechanical Engineering Department, GRIET, an eminent scholar, provided me extensive insights, given guidelines, solidified and sublimated my research work. My grateful thanks go beyond the pages of this thesis.

Dr. Gokaraju Ganga Raju, Chairman, GRES is my patron-saint. His encouragement, affection and concern boosted my interest and commitment. I sincerely thank him for all his help. Prof. P. S. Raju, Director of GRIET, is everything to me. He is my friend, philosopher and guide. I find no words to thank him.

The dynamic Principal of GRIET, Dr. Jandhyala Narayana Murthy is the friend and well-wisher of all. His association inspires all those who come in contact with him. In fact, I drew my inspiration and strength from him. My sincere thanks are due to him.

I am highly indebted to the AICTE and Govt. of India for their generous grant of 6.88 lakhs under Research Promotion Scheme.

I am extremely grateful to Jawaharlal Nehru Technological University, Hyderabad for providing me an opportunity to improve my scholastic status and academic qualification.

It is a matter of proud privilege that an august personality such as Dr. V. V. Kutumba Rao, Vice President, GRES, took interest in my study and provided me necessary suggestions. I thank him from the bottom of my heart.

I'm grateful to Shri R. V. Rama Raju, former Joint Secretary, GRIET, and Shri D. V. S. Raju, former General Manager, MIDHANI, for their encouragement and blessings.

Dr. N. S. Das, Professor of NIT, Rourkela, Prof. M. Jagannadham, and Shri. V. Suryanarayana Raju were all my teachers par excellence. They blessed, groomed and transformed me into what I am. My heart goes out for them.

The teaching and technical staff of my department rendered me unstinted cooperation and help whenever I required. I thank them profusely. I am grateful to Dr. P. Eliah for his suggestions in bringing this thesis into final form and Dr. V. P. S. Parimala Rao, for his patient proofreading.

I'm extremely grateful to my brothers, sister and cousin Shri D. V. N. Raju for their support and encouragement. I wonder how I can thank my wife Prameela Devi and children Vardhani , Achyuth for all their patience.

(P A P N VARMA)

In the Fond Memory

Of my

Dear Father and Mother
