

ACKNOWLEDGEMENTS

The author thanks Professor J.J. Chinoy, M.Sc., Ph.D., D.I.C., F.N.A.Sc., Botany Division, Gujarat University, Ahmedabad for suggesting the problem, as well as for guidance and constant encouragement throughout the course of this work and for his constructive criticism and advice during every stage of this work.

I am deeply indebted to Professor P.N. Mehra, Head of the Botany Department, Panjab University, Chandigarh for taking keen interest in the work as well as for his help and criticism. I also wish to express my sincere thanks to Professor K.K. Nanda for helping in the discussion as well as reading the manuscript and constant encouragement during the course of the work.

Last, but not the least, I wish to express my gratitude to all those who have helped me in preparing this thesis.
